3.	Check the Order	7
4.	Refund	8

## 1. Introduction

Sezzle has a sandbox that can be used for testing. In Business Manager, navigate to the SiteGenesis Site -> Site Preferences->Custom Preferences. A custom site preference group with the ID SEZZLE\_PAYMENT is available. Please select it and locate 'Sezzle Mode'. Select 'Sandbox' as the mode for testing and add the credentials for sandbox account – 'Sezzle Public Key' and 'Sezzle Private Key'

Once the cartridge installed and configured as described in the documentation, you can proceed with a test transaction.

In order to make sure the installation is working as expected, 3 simple steps are required: place an order, check the order, check the transaction.

## 2. Place an order

### Step 1

Add products into the cart and proceed with the checkout process. Once on the billing page, select the payment option named Sezzle and click on the 'Continue to Place Order' button.

Not share or sell personal info.

I agree to repay Sezzle, and I grant Sezzle full authorization to debit my Test Bank Checking Account ending in 1234 on or after the payment due dates for full repayment of my purchase. I agree to the [Sezzle terms](#) and understand that the payment schedule may shift into the future depending on the merchant's fulfillment timeline.

### 0% Interest

Enjoy Sezzle's interest-free installment plans! As long as you have the pre-agreed installment amount in your account, you'll only pay the purchase price.

### One less thing to worry about

Your Sezzle installment payments will automatically be charged on the credit or debit card on the dates specified by your payment plan.

### Manage your payments

Log in to your dashboard or download our app to see your upcoming payments or even reschedule one! The first payment reschedule is always FREE.

## Order Confirmation

Thank you for your order.

Note the order number so that you can check it in the Business Manager in the next section.

## 3. Check the order

Access the order list in the Business Manager: Merchant Tools > Ordering > Orders

A new order should be available, with an order number corresponding to the one you have placed. Click on it to view the order details.

On 'Attributes' tab of the order details, you should find information related to the Sezzle payment method.

Sezzle External Id:       <Sezzle External ID>

Sezzle Payment Action:   CAPTURE (AUTHORIZATION + CAPTURE)

Sezzle Checkout  
Token:                   <Sezzle Checkout Token>

Sezzle Status:                CAPTURE (CAPTURED)
